Radius R90HD

Monitor Audio Radius R90HD speakers

The R90HD is a high-class mini monitor. Unprecedented enclosure rigidity and leading edge drive unit technology in the shape of a 100mm MMP®II mid / bass driver and 25mm C-CAM® gold dome tweeter combine to produce clarity, dynamics and imaging abilities that are unparalleled in a speaker of this size. It can fill a room with high fidelity sound and yet visually melt into the background. The R90HD can be installed easily on ceiling or wall using the same high quality angle bracket supplied. Use the optional RadiusHD stand for floor positions.

Specification:

Impedance:	8 Ohms
Drive units:	100mm (4") MMP®II mid/bass drive unit 25mm (1") C-CAM® gold dome tweeter
Power Handling:	60 Watts

Product review: What HiFi S+V

The old Radius range was great but this new HD system is even better! Our Awards judging just got harder.

For:

- Stylish, discreet and flexible design.
- Very clear, solid and large delivery.
- Awesomely authoritative subwoofer.

Against:

- Occasionally excitable treble.

Price:

R90HD £300.00 Price per pair
