

PANASONIC PROJECTOR

# PT-AE3000e

## Panasonic PT-AE3000e FULL HD 1080p Projector

The PT-AE3000e is ultimate projector for the perfect cinema feeling at home. It incorporates 100Hz Motion Picture Pro frame creation technology to create sharp and clear images for fast moving scenes. With 3 HDMI inputs there are no limits in digital input sources. The fully integrated Waveform Monitor 2 and the Cinema Colour Management allow for adjustment to produce the best possible colour.

\* The PT-AE3000e is only available to purchase from specialist projector dealers.

### Product review: What HiFi S+V

Delivers in droves in every aspect we'd demand in a home-cinema projector. A must view if you're in this market.

#### For:

- Brilliantly fast and easy to set-up
- 1080p / 24fps compatible
- Punchy, vivid colours, good motion, plenty of detail.

#### Against:

- Exterior appearance is uninspiring.

### Price:

PT-AE3000 £2,500.00
